Building Permit Application

A Building Permit is your formal permission to begin construction, demolition, addition or renovation on your property.

As part of the building permit process, staff must review your plans to ensure they comply with the Ontario Building Code, local zoning by-laws and other Applicable Law.

Building Permits regulate the type of construction allowed in a community and ensures that minimum building standards are met. The Building Permit Process protects the owner's interest, the community and helps ensure that that any new construction is appropriate and safe.

Zoning By-Law

The Zoning By-Law specifies the permitted uses and regulations for each property within the Town of Cobalt. Zoning regulations include items such as the use of the land and buildings, building setbacks to property lines, maximum height or size of buildings/structures.

A Building Permit may only be issued when an Applicant has complied with all Zoning By-Law regulations. The specific zoning designation of a property can be obtained by contacting the Town Office at 18 Silver Street, Cobalt or by calling 705-679-8877.

Drawing Requirements

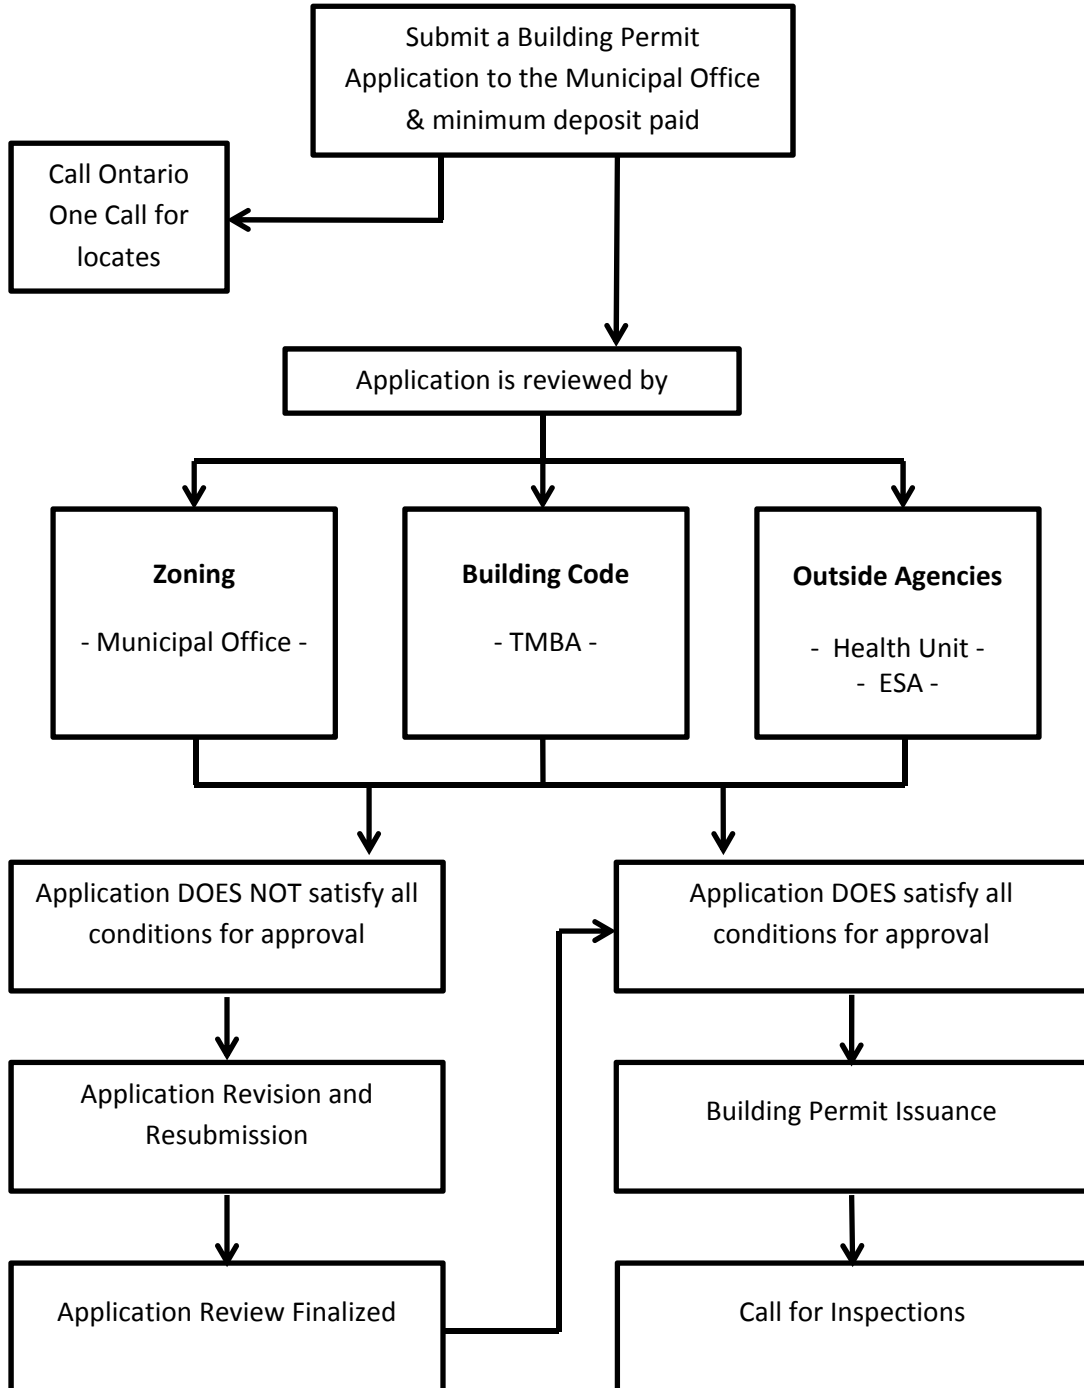

Along with the fully completed Building Permit Application Form, two (2) copies of the following drawings are required to be submitted if applicable:

- Site Plans
- Floor Plans
- Exterior Elevations
- Cross Sections
- Mechanical (HVAC, Plumbing, Electrical etc.)

Examples of drawings are available at the Town Office.
